

Name: _____

Section: _____

Self-Assessment - Cells

Directions: Consider each of the following learning targets (objectives) and use the rating scale below to rate yourself based on how well you think you understand or can explain the learning target.

Objective	Pre-Lesson Rating	Post-Lesson Rating
1. Identify and describe the scientists (the Janssens, Hooke, Leeuwenhoek, Schleiden, Schwann, Virchow) who have helped contribute to our understanding of the cell		
2. Describe Cell Theory		
3. Explain Endosymbiotic Theory		
4. List the processes of a living cell		
5. Compare and contrast prokaryotes and eukaryotes		
6. Identify, name, and describe cellular organelles and their functions		
7. Explain how cells (plant and animal) differ from one another		
8. Describe the cellular organization in a multi-cellular organism
