

Name: _____

Section: _____

Identifying Forms of Energy

Directions: Identify the primary form of energy (mechanical, sound, chemical, thermal, electromagnetic, or nuclear) represented by the visuals below and explain your reasoning. On the reverse side of this sheet, come up with your own example of the listed forms of energy, along with an explanation.

Visual	Form of Energy	Reasoning
		
		
		
		
		
		

Form of Energy	Example <i>(visual or written description)</i>	Reasoning
Mechanical		
Sound		
Chemical		
Thermal		
Electromagnetic		
Nuclear
